GP 07-1. Authority

W. Va. Code § 18B-1-6

GP 07-2. Policy

- 2.1 The West Virginia School of Osteopathic Medicine believes that student feedback is one of several important sources of information about courses and teaching. Student feedback must be combined with faculty peer review, administrative review, and other interpretive information for effective evaluation of the educational program.
- 2.2 Student feedback shall be collected throughout the WVSOM curriculum. Students will be required to complete their assigned feedback forms. The students' responsibilities and procedures will be included in the Student Handbook.
