R 08-1. Authority

W. Va. Code § 18B-1-6

R 08-2. Purpose

- 2.1 The purpose of this policy is to establish the administrative authority of the Office of Research and Sponsored Programs (ORSP), together with grants accounting in the Office of Business Affairs (OBA), to ensure responsible stewardship of external funds received for sponsored projects. The ORSP encourages and supports employees in their pursuit of external funding to conduct research, scholarly activity, or other programs, with an emphasis on administrative functions that advance a culture of compliance with applicable regulations. For Federal grants, WVSOM complies with the applicable regulations (e.g. 2 CFR 200, 45 CFR 75) and any specific Agency requirements. For non-Federal grants, WVSOM complies with the unique terms described by each sponsor. In all cases, the state of West Virginia requirements are followed.
- 2.2 The ORSP oversees submission of proposals to external sponsors, negotiation and acceptance of grant and contract awards, and other Sponsored programs-related matters. The ORSP manages, in conjunction with OBA, budget review and institutional signature for all external proposal submissions, manages electronic application submission processes, and manages negotiation on awards offered from external sources for sponsored program activities on behalf of the institution. ORSP also assists in non-financial post-award administration matters and monitors related program reporting.

R 08-3. Applicability and Scope

All employees and students of WVSOM are subject to this policy. WVSOM requires all individuals who apply for Sponsored Project Awards (employees or students) to do so through the ORSP and, if the award is received, to comply with institutional procedures and sponsoring agency regulations regarding the terms of the awards.

R 08-4. Definitions

- 4.1 “Contract” means a binding agreement between two parties, in which the principle purpose is for one party to acquire, through purchase or lease, services or property from the other party. This is in contrast to a (more flexible) grant agreement, in which the principle purpose

is to transfer item(s) of value to the recipient (grantee) in order to carry out an activity on behalf of the grantor.

- 4.2 “Cost share” means any project cost that is not reimbursed by the sponsor to support the scope of work defined by the federal or non-federal sponsored award. Cost sharing is also known as matching, is funded by WVSOM or a third-party, which is generally a non-federal resource.
- 4.3 “Cost transfer” means an entry that transfers an expense onto a federally-funded sponsored award that was previously recorded elsewhere on WVSOM’s ledger.
- 4.4 “Principal Investigator (PI)/Project Director (PD)” means the primary individual responsible for the preparation, conduct, and administration of a grant, cooperative agreement, training or public service project, contract, or other Sponsored Project Award in compliance with applicable laws and regulations and institutional policies and procedures governing the conduct of sponsored projects.
- 4.5 “Sponsored project (or program) or Grant” means any externally funded research, scholarly activity, or programmatic activity that has a defined scope of work or set of objectives, which provides a basis for sponsor expectations. This more specifically involves research, demonstration, professional development, instruction, training, curriculum development, community and public services, or other scholarly activity involving funds, materials, or other forms of compensation, or exchanges of in-kind efforts under awards or agreements.
- 4.6 “Subaward” means an award of financial assistance in the form of money, or property in lieu of money, made under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient.
- 4.7 “Subrecipient” means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding.
