

The WVSOM Guest network is intended to provide Internet access for:

- students' and employees' personal devices
- visitors to campus

Students and employees access the network using the same school-issued username and password that they use for e-mail.

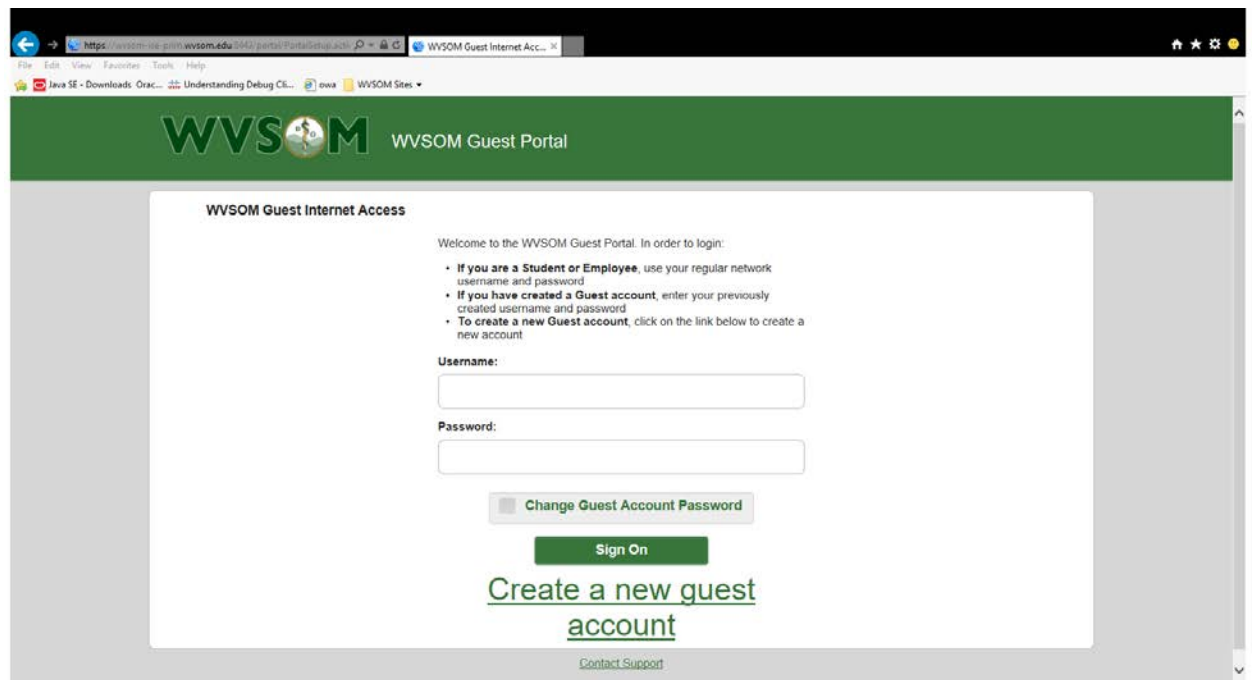

Visitors can create an account for Guest access. They will be prompted for identifying information (name, e-mail address, phone number) and will be required to acknowledge an Acceptable Use Guest Network statement. [Click here](#) to view the full Acceptable Use Policy.

To access the Guest wireless network, select **WVSOM-Guest** on your device's wireless network choices.

You must open an Internet browser to complete initial access to the WVSOM-Guest network. You browser will be redirected to the sign-on page.

1. Logon to the Guest wireless network.

- a. If you are a student or employee, or have an existing guest account, enter the credentials and select **Sign On** (you will not see the screens in steps 2 and 3)
- b. If you are visitor and need to create an account, select [Create a new guest account](#)

The screenshot shows a web browser window displaying the WVSOM Guest Portal. The browser's address bar shows the URL <https://www.wvsom.edu/portal/guestInternetAccess>. The page has a green header with the WVSOM logo and the text "WVSOM Guest Portal". Below the header, the main content area is titled "WVSOM Guest Internet Access". It contains a welcome message: "Welcome to the WVSOM Guest Portal. In order to login:" followed by three bullet points: "If you are a Student or Employee, use your regular network username and password", "If you have created a Guest account, enter your previously created username and password", and "To create a new Guest account, click on the link below to create a new account". Below this text are two input fields labeled "Username:" and "Password:". There is a button labeled "Change Guest Account Password" and a green button labeled "Sign On". At the bottom of the form area, there is a link that says "Create a new guest account" with "account" underlined. At the very bottom of the page, there is a small link for "Contact Support".

2. Create a new Guest account

- a. Enter the required information
- b. Select your phone provider for text messages from the **SMS Provider** dropdown. No test messages will be sent automatically; you must request it on a later screen.
- c. You must review to the bottom of the Acceptable Use statement for the **I agree to the terms and conditions** checkbox to be activated.
- d. You must check the **I agree to the terms and conditions** checkbox for the **Register** button to be activated.
- e. Click on the **Register** button to create your account.

SMS provider
ASSIGN from the dropdown

Acceptable Use Guest Network

The WVSOM Guest Network is a service provided for your convenience during your campus visit. The service allows you free, complimentary Internet access, but be aware that your connection is NOT encrypted. You must agree to the rules and acknowledge the principles below as a requirement to use this service:

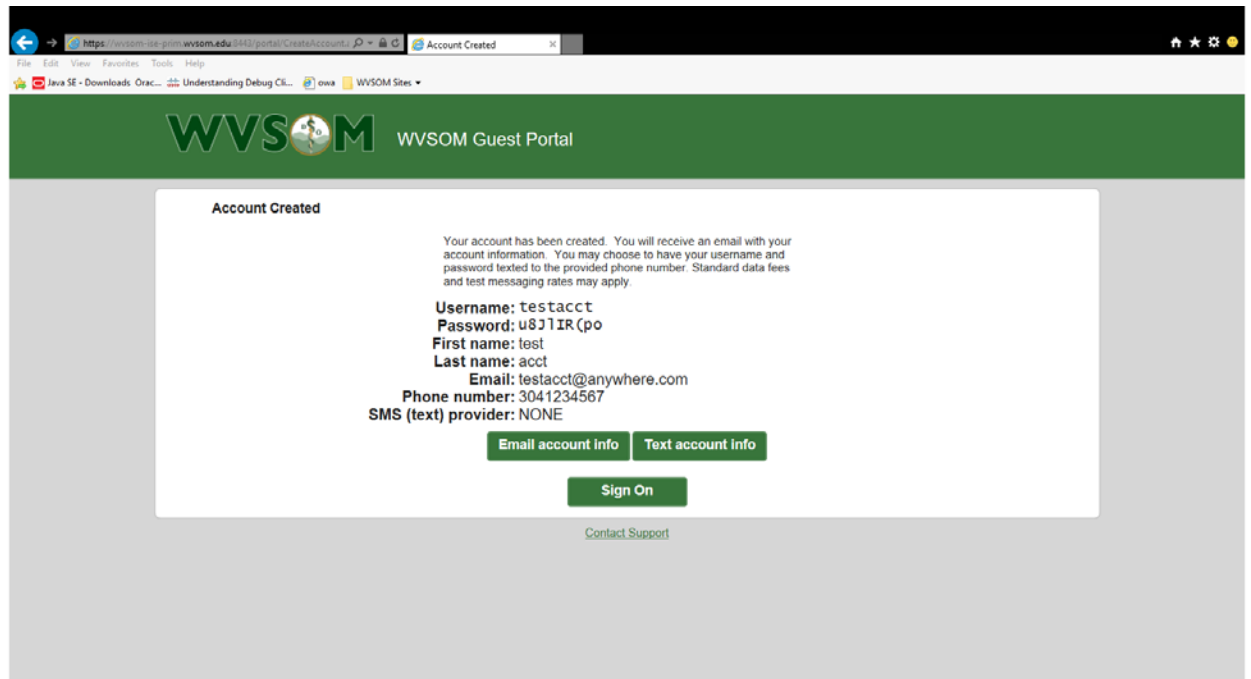

1. WVSOM is providing you access to our Guest Network as a convenience and is a complimentary service to you. You acknowledge that:

I agree to the terms and conditions

[Contact Support](#)

3. Account Creation Notification

- a. The screen with your logon information will be displayed
- b. An e-mail from AcctCreation@osteo.wvsom.edu containing your account creation information will be sent to the specified e-mail address.
- c. You may select **Text account info** to receive a text containing your username and password on the phone specified on the account creation page.
- d. You may select **Email account info** to have the account information email resent.
- e. Click on **Sign On** to continue to the Guest network.

4. Welcome Page

- a. A successful connection will receive the welcome page
- b. Click on **Continue** to be directed to the WVSOM web page and begin your browsing session
